Artist's Impression

Artist Statement

The muse for this work was well known Australian Super-model Megan Gale.

Inspired by glamorous high fashion photo shoots, Megan on the catwalk & a fascination with the voluptuous female form, this figurative piece is from the Artist's "Point of View Series" and provides an assortment of visual flow options designed to be explored from multiple viewpoints.

All the sculptures in the Point of View Series by this Artist are designed to challenge your imagination and taunt you with liquid shapes in motion and the negative spaces created.

The soft, flowing feminine curves of this piece are enhanced by the cool and inviting polished brown/black 'Zaf' marble surfaces. They seduce the viewer, begging to be photographed and caressed.

The Artist has purposely grounded this sculpture by echoing the catwalk with the introduction of a tapering polished black granite piece, completing the work.
